

Tressécollection

Design Carlo Colombo

Dalla ricerca di eleganza che contraddistingue la produzione dell'architetto Carlo Colombo nasce Tressé, collezione che emana al contempo solidità e comfort. Tutto ruota attorno allo studio del cubo come elemento primordiale in cui trovare ordine e da elevare attraverso finiture di pregio. Tra queste il sofisticato intreccio di fasce in ecopelle che abbraccia l'intero perimetro delle sedute e che si pone come elemento distintivo dell'intera collezione, declinato nelle varianti cromatiche in grado di adattarsi a qualsiasi ambiente che vanno dal freddo grigio seta, al più intenso e deciso fango, fino a spiccare con il caldo terra di Siena.

From the search for elegance that distinguishes the production of the architect Carlo Colombo was born Tressé, a collection that radiates both solidity and comfort. Everything revolves around the study of the cube as a primordial element in which to find order and to elevate through fine finishes. These include the sophisticated interweaving of eco-leather bands that embraces the entire perimeter of the seats and that stands as a distinctive element of the entire collection, declined in color variations that can adapt to any environment ranging from cold gray silk, to the most intense and decisive mud, up to stand out with the warm land of Siena.
