Design Carlo Colombo

Itaca è un invito a vivere il proprio spazio outdoor con eleganza e comfort, attraverso una componibilità senza precedenti. Ispirandosi all'iconico viaggio di Ulisse per mari e terre lontane, Carlo Colombo dà vita ad un'oasi di piacere in cui ritrovarsi, per godere della familiarità del proprio angolo di paradiso all'aperto. Proprio come isole di un arcipelago, i variopinti moduli di Itaca si aggregano e si dividono per formare composizioni sempre originali, in continuo movimento e in grado di adattarsi ad ogni esigenza di spazio o utilizzo. I profili arrotondati caratterizzano l'Accoya®, utilizzato per le solide basi, nelle varianti color miele e palissandro, e si ripropongono nelle sezioni di marmo e travertino che impreziosiscono i tavoli caffè e pranzo.

Itaca is an invitation to experience your own outdoor space with elegance and comfort, through extraordinary modularity. Inspired by the iconic journey of Ulysses to distant seas and lands, Carlo Colombo creates an oasis of pleasure in which to find yourself, to enjoy the familiarity of your own corner of paradise outdoors. Just like islands of an archipelago, the multicolored modules of Itaca come together and divide themselves to form compositions that are always original, in continuous movement and able to adapt to any need in space or use. The rounded profiles, characterize the Accoya®, used for the solid bases, in honey and rosewood variants, and are the same we find in the sections of marble and travertine that embellish the coffee and dining tables.
