Raylecollection

Design Ludovica Serafini + Roberto Palomba

Disegnata da Ludovica Serafini e Roberto Palomba, la collezione Rayle costruisce un dialogo fluido tra interno ed esterno attraverso un linguaggio estetico coerente, capace di adattarsi ai diversi contesti senza perdere la propria identità. Le prestazioni e le caratteristiche dei materiali, pensati per rispondere alle specifiche esigenze di ogni ambiente, non incidono sul comfort, le proporzioni e il segno progettuale. I tavoli completano la collezione con piani in vetro retrolaccato termoformato, superfici raffinate che valorizzano il gioco di riflessi, profondità e materia. Rayle interpreta così una nuova continuità dello spazio domestico, naturale, spontanea e contemporanea.

Designed by Ludovica Serafini and Roberto Palomba, the Rayle collection creates a seamless dialogue between indoor and outdoor spaces through a coherent aesthetic language, capable of adapting to different settings without losing its identity. The performance and characteristics of the materials, conceived to meet the specific requirements of each environment, do not compromise comfort, proportions or the overall design language. The tables complete the collection with thermoformed back-painted glass tops, refined surfaces that enhance the interplay of reflections, depth and materiality. Rayle thus expresses a new sense of continuity in contemporary living, natural, spontaneous and contemporary.
